TUNGSTEN	FLOOD	HALOGEN	AVAILABLE

Cosmobeam 800 W/1000 W with clamp and flexible arm

This 800 W/1000 W open-face, tungsten-halogen floodlight is a precious tool for both studio applications and locations where powerful and long-distance illumination, quick and easy setup are needed.

Main Features

- Very strong and lightweight aluminium housing
- Special design and treatments of the reflector for an extremely powerful and bright light output to deliver an exceptional even illumination
- Smooth and accurate focusing mechanism for beam variation to ensure precise light delivery
- 100 % pure silver lamp contacts unique feature to extend lamp and contacts-life and reduce maintenance costs
- Top quality switch with a very high number of on/off cycles
- All main mechanical components are stainless steel
- The ergonomic knob to fix the tilt position is shaped to ensure ideal handling to quickly and effortlessly fix the tilt position
- Complete set of accessories available to create effects and control the light
- Quick and easy setup
- Designed and manufactured in ITALY

RC 80P - Cosmobeam 800 W with clamp and flexible arm

RC 100P - Cosmobeam 1000 W with clamp and flexible arm

RC 80PB - Cosmobeam 800 W Black with clamp and flexible arm

**RC 100PB -** Cosmobeam 1000 W Black with clamp and flexible arm

COSMOLIGHT

- Aluminium housing
- High temperature coating
- Sanded and treated aluminium reflector
- Spot/flood focusing via a rear knob
- Clamp and flexible arm mounting
- 100 % pure silver lamp contacts
- 3.5 m VDE fire resistant silicone cable, 3 x 1.5 mm^2 section
- In-line 10 A switch protected by high-impact-proof housing
- Cable gland against tear
- Supply voltage 230 — 240 V
- Lamp base R7s
- Colour temperature 3200 K
- IP 20
- CE compliant
- Weight 1.5 kg
- Packing dimensions 270 mm x 210 mm x 170 mm
